

ePyramid Model and Community of Practice Cohort

Spring 2020

STAR NET Region IV

The Pyramid Model is a proven system for helping teachers and caregivers guide the social-emotional development of young children while improving their ability to learn and self-regulate challenging behavior. The ePyramid democratizes the availability of this system by presenting it as a series of 17 online video lessons accompanied by downloadable tools and templates. The ePyramid lessons equip teachers and caregivers with capabilities and confidence that increases their effectiveness, job satisfaction and longevity.

Community of Practice Cohorts are designed to allow small groups to watch the ePyramid Modules on their own time and then meet for 1 hour approximately every two weeks to enhance the value of the ePyramid modules by adding motivation, structure and support from experienced STAR NET staff in a peer setting.

New in 2019-2020, STAR NET is offering the option to have individuals join a cohort to receive 9 discussion sessions over 17 weeks to support application and implementation of the ePyramid practices. You will receive the ePyramid Preschool Modules with connected community of practice. (If you ONLY want the ePyramid Modules, there is another path for that. See FAQ.) We answer [Frequently Asked Questions \(FAQs\)](#) on the ePyramid and Cohort Discussions.

To sign up for ePyramid Module training and cohort discussions, register here: starnetiv.org

For questions about this process, contact Denise Henry at dhenry@sccroe50.org or 618-833-5371.

Cohort 3 will meet in the spring semester of 2020 on Thursdays from 3:30-4:30 on the following dates:

January 9 & 23

February 6 & 20

March 12 & 26

April 2, 16, & 30

(We will attempt to work around the spring break dates for the majority of people on the call. This decision will be made once we start our meetings.)
